Harrison Keller, Ph.D.
Commissioner of Higher Education

Acknowledgments

This almanac would not have been possible without the support and expertise of many contributors. The Higher Education Coordinating Board would like to thank all those who dedicated their time, effort, and resources to produce this year's almanac. Investment in both the almanac and the 60x30TX.com website reflects a continued commitment to help ensure data-informed policy discussions and decisions in Texas. Thanks are due to the institutions, which certified their accountability data and reviewed almanac data file drafts, and to the strategic planning and funding staff, who compiled data and provided fact-checking services once the data were put into print format.

The Texas Higher Education Coordinating Board does not discriminate on the basis of race, color, national origin, gender, religion, age, or disability in employment or the provision of services.

Letter from the Commissioner

As this almanac goes to publication, the state of Texas, our students, and our higher education institutions face unprecedented challenges. The global COVID-19 pandemic has disrupted all aspects of our lives, caused tremendous hardship for students and families, and upended higher education in Texas as we have come to know it. Millions of Texans have filed for unemployment in a matter of months, while institutions grapple with substantial new costs and sudden losses of revenue.

Yet, this trying period has also put a spotlight on the commitment and perseverance of our institutions and students. During the spring 2020 semester, Texas institutions of higher education moved nearly all their classes online to protect students, faculty, and staff. Even as buildings closed and students dispersed, learning continued. At this writing, the situation for fall 2020 remains uncertain, but the Coordinating Board team will continue to support the inspiring work of institutions across this state.

While we continue to wrestle with the challenges of the COVID-19 pandemic, this crisis has created opportunities for educational innovation like few events in recent history. In addition to converting courses and entire programs to online delivery, many institutions are moving away from traditional academic calendars so they can better respond to students' and communities' needs in this uncertain time. Institutions are also providing patient care and research to support public health responses.

Looking ahead, higher education will play a critical role in driving the state's economic recovery. Higher education equips students and displaced workers for professional success, bolstering a workforce that attracts investment in Texas for years to come. This role reflects three critical realities:

- **Jobs follow skills.** Nearly 85% of net new jobs created in Texas after the Great Recession require postsecondary education, whether a certificate, an associate or bachelor's degree, or higher.
- **High-value postsecondary credentials translate into direct economic returns** for individual Texans, communities, and the state, while guarding against long-term unemployment. Today, the unemployment rate for American workers without postsecondary credentials is more than twice the rate for bachelor's degree holders.
- **Investing in talent is a proven strategy** for expanding economic opportunity, building a more resilient workforce for the future, and attracting world-class employers to Texas.

Governor Greg Abbott's commitment to our mission has been underscored by his investment of federal CARES Act funds to support higher education across our state. Most of these funds will offer financial support for students most in need through our existing state aid programs. Additional funding will build important infrastructure to guide students toward credentials of value while helping institutional leaders and policymakers better understand and analyze progress toward our 60x30TX goals.

My vision for the Coordinating Board is that we continue to expand our role as a resource to institutions by refining and improving academic and workforce development programs, supporting students in their pursuit of valuable credentials, and helping displaced Texas workers pursue credentials that open doors of opportunity. We are working with institutional and community partners to tackle critical issues such as streamlining student transfer pathways and re-engaging students who previously stopped out of postsecondary education. We are also partnering with other state agencies, especially the Texas Education Agency and Texas Workforce Commission, to strengthen college, career, and workforce readiness and to support and accelerate the state's economic recovery.

This almanac—the first to be published since I was appointed Commissioner of Higher Education—highlights some of the rich data resources available at the Coordinating Board. Over the coming year, we will be working with our institutional partners to expand access to data and tools that give insight into important areas such as students' progress toward credentials and that help researchers and institutional partners identify areas of strength and opportunity within our higher education system.

While these last few months have been challenging, the ingenuity and steadfast commitment of Texas institutions, students, faculty, staff, and families continue to inspire me and our team at the Texas Higher Education Coordinating Board. I am grateful to Governor Abbott and our appointed board for this opportunity to serve as a resource to—and proud champion of—Texas higher education and our partner institutions. Together, I am convinced we will emerge stronger, more resilient, and ready to serve our fellow Texans.

Harrison Keller, Ph.D.
Commissioner of Higher Education

Summer 2020

Introduction

INTRODUCTION

Definitions and Data Years

The following definitions, data years, and data sources will help you navigate the data provided in this year's almanac. They are particularly helpful in reading the institutional profiles. For a more comprehensive list of data source references, see p. 89.

Accountability (Peer) groups: Texas public universities are grouped based on key indicators such as mission, number of doctoral-research/scholarship programs, and research expenditures. Public two-year colleges are grouped based on size and/or type.

Age: Age is calculated by subtracting the individual's date of birth from the begin date of the reporting period. For fall, the begin date is September 1; for spring, January 1; and for summer, June 1.

At risk: Includes students who received a Pell Grant, graduated with a GED, were 20 years or older when they first entered college, started as a part-time student taking fewer than 12 hours, or had an SAT/ACT score less than the national average.

Average tuition and fees: The cost of tuition and mandatory fees charged to a student taking 30 semester credit hours (SCH) (15 SCH in the fall and 15 SCH in the spring). For four-year public institutions and the Lamar and Technical Colleges, tuition includes mandatory tuition (state-required tuition) and designated tuition (set by institutional governing boards). Submitted to the THECB on the College Student Budget Report.

FY 2020 rates

Bachelor's graduates as a percentage of undergraduate FTSE enrollment:

The number of students who received an undergraduate degree from an institution in a given year divided by the annual full-time student equivalent (FTSE) enrollment. The FTSE enrollment is the total of all semester credit hours divided by 30 (the number of SCH considered full time for undergraduates annually). Dual credit enrollments are not included in FTSE. **FY 2019**

Debt:

Average student debt: For FY 2018 graduates, average student loan debt includes all identifiable debt, excluding parent debt, prior to graduation for those students with debt. University graduates include those who received a bachelor's degree. Two-year institution graduates include those who received an associate degree or certificate.

- Native student debt: Average debt for students who graduated from the institution where they were enrolled as a first time in college (FTIC) student.
- Transfer student debt: All identifiable average debt for students who graduated from an institution but were not first time in college (FTIC) at that institution.

Debt profile for 2012 cohort: For completers and non-completers, the average student loan debt includes identifiable debt up to graduation or through FY 2018. Students who were still enrolled (had not graduated by FY 2018) were included as non-completers.

Identifiable debt: All undergraduate debt accumulated at Texas institutions as reported to the THECB, including federal and state loans and some private educational loans. Debt incurred by the student's parents is not included.

Percentage with debt: Percentage of an institution's graduates who incurred identifiable debt prior to graduation. **FY 2018**

Statewide student debt as a percentage of first-year wage: Median of individual student's identifiable debt to first-year wage percentage for students awarded a level I or II certificate, associate degree, or bachelor's degree from a Texas public institution. Individual

must have student loan debt data at time of award and wages in first year following award. Bachelor's degrees awarded at community colleges are not included. Debt data for 2017 graduates. Wage data from 2018. (Source: *Financial Aid Database System, unemployment insurance [UI] wage records*)

Degrees awarded/degrees and certificates awarded: For universities, the number of degrees awarded by race/ethnicity and level; certificates are not included. For two-year institutions, the number of degrees and certificates awarded by race/ethnicity. **FY 2019**

Developmental education:

College-level course completion: Percentage of total students below state readiness standards (called Texas Success Initiative [TSI]) in math, reading, and/or writing who successfully completed a college-level course in the related area (math, reading intensive, and/or writing intensive, as applicable) with a grade of A, B, or C within two years of college enrollment. **Fall 2016 cohort**

Total students below state standard: Students in college for the first time (both full and part time) who did not meet the state readiness standards in math, reading, and/or writing at the time of enrollment. **Fall 2016 cohort**

State readiness standard met: Percentage of total students below state readiness standards in math, reading, and/or writing who satisfied state standards within two years of college enrollment. **Fall 2016 cohort**

Dual credit:

Dual credit students: High school students who attempt one or more college courses for high school and college credit.

Dual credit as percentage of total enrollment: Dual credit enrollment as a percentage of the total enrollment. **Fall 2019**

Dual credit outcomes: College persistence and graduation rates for an institution's dual credit students who subsequently enrolled in the same or a different Texas college or university. The percentage who earned a baccalaureate and/or associate degree is unduplicated. **Fall 2014 first time in college (FTIC) cohort**

Earnings of graduates: Annual wages of graduates during the first, third, fifth, eighth, and tenth year after graduation. Average wage calculations include students who worked in Texas at least three-quarters of the year and did not earn a higher degree during the tracking period. No inflation factor was applied. For 2007 graduates, the wages are for 2009 (first year), 2011 (third year), 2013 (fifth year), 2014 (eighth year), 2018 (tenth year). For 2017 graduates, the first-year wages were calculated for 2018.

Enrollment:

Fall headcount: The institutional fall headcount enrollment by race and ethnicity, including all full- and part-time students. **Fall 2019**

Full-time student equivalent (FTSE) undergraduate enrollment: The sum of all fall undergraduate semester credit hours (SCH) attempted divided by 15. **Fall 2019**

Full-time student equivalent (FTSE) total enrollment: The sum of all fall semester credit hours (SCH) attempted divided by 15 for undergraduate SCH, 12 for master's and doctor's professional practice SCH, 9 for doctor's research/scholarship SCH, and 17 for optometry SCH. **Fall 2019**

Faculty:

Total university faculty: All faculty members with teaching responsibilities, excluding teaching assistants. **Fall 2018**

University tenured/tenure track faculty: All faculty members with teaching responsibilities who have received, or are on a track to receive, tenure. **Fall 2018**

Two-year college faculty: Total number of faculty members and number and percentage of full-time (teaching 80% or more) faculty members. This includes faculty teaching flex courses. **Fall 2018**

First-time students accepted: Percentage of first-time summer/fall applicants accepted by the institution. **Fall 2019**

First-time undergraduates in Texas top 10%: The percentage of first-time undergraduates entering in the summer or fall class who ranked in the top 10% of their Texas public high school graduating class. **Fall 2019**

Fiscal year (FY): The state's fiscal year is similar to the academic year of institutions. The fiscal year runs from September 1 through August 31; for example, FY 2019 is September 1, 2018, to August 31, 2019.

Graduates' status/success:

Baccalaureate graduates' employment/enrollment status: The percentage of graduates employed in the fourth quarter of the calendar year after graduation and/or enrolled in a Texas institution in the following fall after graduation. **FY 2018**

Two-year college graduates' employment/enrollment status: The percentage of academic or technical graduates employed in the fourth quarter of the calendar year after graduation and/or enrolled in a Texas two- or four-year institution in the following fall after graduation, as specified. **FY 2018**

Graduation rates:

Public university 4-, 6-, and 10-year rates: The percentage of first-time entering, degree-seeking students who graduated with a bachelor's degree or higher from the same institution or another Texas public or independent institution after 4,

6, and 10 academic years for two groups: those students who enrolled in their first fall as full-time students (taking 12 or more semester credit hours [SCH]) and those who enrolled part-time (taking fewer than 12 SCH). **Rates through FY 2019** (for fall 2015, 2013, and 2009 cohorts, respectively)

Public two-year college 3-, 4-, and 6-year rates: The percentage of first-time, credential-seeking undergraduates who graduate within 3, 4, or 6 academic years for two groups: those students who enrolled in their first fall as full-time students (taking 12 or more semester credit hours [SCH]) and those who enrolled part-time (taking fewer than 12 SCH). Certificates, associate degrees, and bachelor's degrees are included. **Rates through FY 2019** (for fall 2016, 2015, and 2013 cohorts, respectively)

Developmental education/non-developmental education rates: The percentage of first-time, full-time, credential-seeking undergraduates who graduated after six academic years by whether they met or did not meet state readiness standards in one or more areas under the Texas Success Initiative (TSI).

Hispanic Serving (HS): Colleges, universities, or systems/districts in which Hispanic fall headcount enrollment constitutes a minimum of 25% of the total fall headcount enrollment.

Historically Black College or University (HBCU): Any historically black college or university established prior to 1964 whose principal mission was, and is, the education of black Americans.

Lower-division: Course offerings at a level of comprehension usually associated with freshman and sophomore college students.

Percentage of graduates completing 30 SCH at a two-year college: The percentage of university graduates who took 30 or more semester credit hours (SCH) at two-year public institutions. **FY 2019**

Percentage of students receiving Pell Grants: The percentage of undergraduate students who receive a Pell Grant of any amount. **Fall 2018**

Percentile: The score below which a certain percentage of observations fall. For example, the 25th percentile score is the score below which 25% of the scores may be found, and the 75th percentile score is the score below which 75% of the scores may be found.

Race/ethnicity: In addition to African American, Hispanic, and White, the following race/ethnicity categories are included.

International student: A person who is not a citizen or permanent resident of the United States and who is in this country on a temporary basis and does not have the right to remain indefinitely. It may also refer to a non-resident alien.

Other groups: All other races not individually listed, including Native Hawaiian, other Pacific Islander, American Indian, Native Alaskan, Asian, multiracial not including African American, or unknown origin.

Research expenditures: Total expenditures from federal, state, private, and institutional sources combined, as reported in the annual research expenditures report. **FY 2019**

Research expenditures per T/TT faculty FTE: Total of federal and non-profit research expenditures per tenured/tenure-track (T/TT) full-time faculty member equivalent (includes only faculty members with teaching responsibility). **FY 2019** (*research expenditures*), **Fall 2018** (*T/TT faculty FTE*)

Restricted research expenditures: Expenditures contracted, gifted, or granted by an external entity (such as government agencies, philanthropic organizations, or individuals) where the primary use must be research or development. The Coordinating Board collects restricted research expenditures for formula distribution of Research Development Funds

(RDF) and as a criterion for the National Research Universities Fund (NRUF). However, restricted research expenditures are more narrowly defined here than in the Annual Financial Reports (AFR) and thus not comparable. Estimates for restricted research expenditures for institutions not participating in RDF or NRUF are research expenditures minus state appropriated funds, institutional funds, and indirect cost. **FY 2019**

Revenue per FTSE: Revenue, excluding auxiliary and public service funds, divided by the number of full-time student equivalents (FTSE) by categories, including total revenue, tuition and fees, state appropriation, federal funds, and institutional funds. Tuition and fees is the net of scholarship discounts and allowances. **FY 2019**

SAT/ACT test scores: Test score ranges are shown for Math and Critical Reading on the SAT test and for Math and English on the ACT test. Of enrolled full-time students, 50% have test scores within the ranges listed, 25% have scores above, and 25% have scores below. (*Source: USDOE IPEDS data for fall 2018, most recent data available*)

Student/faculty ratio: Full-time student equivalents (FTSE) divided by full-time equivalent (FTE) teaching faculty. For FTE teaching faculty, faculty reported on CBM008 must match CBM004 to be included in calculation. **Fall 2018**

Time and SCH to degree: The average length of time in years and number of attempted semester credit hours (SCH) to complete an associate degree (for two-year institutions) or a bachelor's degree (for four-year institutions) for students who graduated in FY 2019. Students are tracked 10 years back for accumulation of SCH and total years and months that have elapsed from the first date of entry. Dual credit and developmental education hours are excluded. (Note: Dual credit hours were included in these measures prior to the 2014 almanac.)

Transfers to a senior institution:

Cohort: Number of students entering higher education for the first time at a two-year public institution who were not concurrently enrolled at a four-year institution. **Fall 2013 cohort**

Transfer rate: The percentage of students in the cohort who transferred to a senior institution within six years. **Fall 2013 cohort through FY 2019**

Two-year college students at universities:

Baccalaureate graduates who completed SCHs at two-year public colleges: Percentage of baccalaureate graduates who completed 30 or more semester credit hours (SCH) at two-year public colleges. **FY 2019**

Graduation of two-year college students: Percentage of undergraduates who were first-time transfer students from Texas two-year public colleges with 30 or more semester credit hours (SCH) in the six years prior to transferring and who graduated from the same Texas public university within four years. **FY 2019**

UG: Abbreviation for undergraduate.

Upper-division: Course offerings at a level of comprehension usually associated with junior and senior college students.

Uses of funds per state-funded FTSE: Operating expenses divided by the number of full-time student equivalents (FTSE). Operating expenses are broken out by total; instruction, research, and academic support; student services and scholarships; institutional support and operations and maintenance (OM) of plant; and other expenses (e.g., capital outlays from current fund sources). **FY 2019**

NATIONAL CONTEXT

Ranking by State

The bar charts on this page show how Texas compares to the rest of the country by data category. For each category, national comparison data show the highest-performing state, the lowest-performing state, and Texas, in context of the two states that performed just above, just below, or at the same level. See p. 89 for national data sources.

Educational Attainment for Ages 25 to 34 Years*

High school diploma or less

How Does Texas Compare to the Rest of the Country?

NATIONAL CONTEXT

Data for All States

Below is a summary of national data on higher education in each state. The data include graduation rates at four-year institutions, degrees earned, average tuition, and test scores. (Sources: National Center for Education Statistics [NCES], Integrated Postsecondary Education Data System [IPEDS], unless otherwise noted.) IPEDS graduation rates do not include students who transfer and graduate from another institution. See p. 89 for more comprehensive data source references.

*** Tuition and fees at two-year institutions were not reported for Alaska and Delaware and at private, four-year institutions for Wyoming. Faculty salaries at two-year institutions were not reported for Delaware and Vermont.

60x30TX

Texas Higher Education Coordinating Board

60x30TX

Strategic Plan Update

60x30TX, the state's strategic plan for higher education, is focused on student success and establishing a globally competitive Texas workforce by 2030. Achieving the goals of 60x30TX rests heavily on collaboration among stakeholders in higher education, K–12 education, and the workforce. The plan addresses students' desires for a better life, employers' desires to remain competitive, and the state's need for a robust economy. Students of all backgrounds must complete certificates or degrees in larger numbers if the future workforce of Texas is to be globally competitive in 2030. Meeting that goal means increasing student success, addressing college affordability, and focusing on the workplace skills that students obtain in their programs.

60x30 is the overarching goal at the center of the plan, but the other three goals are what will get us to 60 percent in 2030. The completion goal counts the number of certificates and degrees conferred at Texas institutions. Data from the Bureau of Labor Statistics make clear that students do not get much of an economic lift from college attendance unless they complete a credential. Also, credential attainment ensures that students will gain full exposure to the skills available through academic programs, allowing them to effectively market these to secure employment that pays competitively. Affordable college programs and higher earnings position graduates to pay off their student debt. The debt goal aims to balance debt to help ensure that students have sufficient resources to complete their education but at levels that are feasible to pay back based on their career choice.

60x30: Educated Population

60x30TX is founded on the critical need for Texas to produce an educated workforce that is able to adapt and compete at the highest levels. The world's most competitive workforces have younger populations with more education compared to the United States and compared to Texas. Currently, only 43.6 percent of Texans ages 25–34 have a postsecondary degree or certificate. The best-educated societies in the world are at or near 60 percent in this age group. To compete and excel in this environment, 60x30TX sets an ambitious goal of 60 percent postsecondary attainment for young adult Texans.

Educated Population, Ages 25–34: 2018

Population, Ages 25–34, Holding a Certificate or Higher Credential Across Regions, 2018

Higher Education Regions

Educated Population Holding a Certificate or Higher by Higher Education Region

Completion

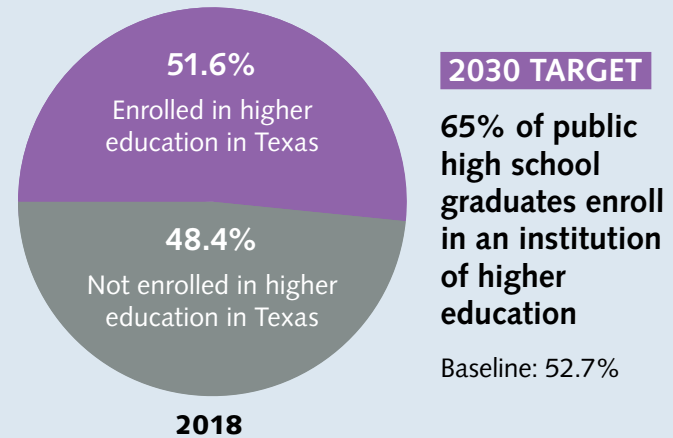

Data from the Bureau of Labor Statistics make clear that students don't get much of an economic lift from college attendance unless they complete a degree or an undergraduate certificate. Texas needs to continue its record of generating growth in undergraduate degree and certificate production at all colleges and universities—private, public, and for-profit.

With 60x30TX, Texas aims to award a total of 6.4 million certificates or degrees by 2030. The plan also sets targets for Hispanic, African American, male, and economically disadvantaged completers and seeks to increase the percentage of students who enroll in higher education directly after high school from the current 51.6 percent to 65 percent.

GOAL By 2030, at least 550,000 students in that year will complete a certificate, associate, bachelor's, or master's from an institution of higher education in Texas.

Percentage of Texas Public High School Students Enrolling in Higher Education the Following Fall

Hispanic Completion

African American Completion

Male Completion

Economically Disadvantaged Completion (Undergraduates)

See Sources of Data (p. 89) for baseline benchmark years.

The ultimate goal of the 60x30TX plan is to have a diverse and educated workforce by 2030.

“Looking ahead, higher education will play a critical role in driving the state's economic recovery. Higher education equips students and displaced workers for professional success, bolstering a workforce that attracts investment in Texas for years to come.”
—Harrison Keller, Ph.D., *Commissioner of Higher Education*

Marketable Skills

All programs develop skills of value in the marketplace. Students who can articulate their marketable skills are better positioned to get a suitable job. Every year, a national study by the University of California Los Angeles Higher Education Research Institute finds that over 85 percent of surveyed students identify “getting a better job” as the most important reason for attending college. The 60x30TX plan asks institutions to identify skills of value for degree programs so that students can market themselves to future employers.

Percentage of Students Working or Enrolled One Year After Graduation

See Sources of Data (p. 89) for baseline benchmark years.

Student Debt

As a state, Texas has paid increasing attention to balancing student loan debt and improving how higher education is financed to reduce financial barriers that students and families encounter when pursuing any level of higher education. One way to focus on student loan debt is to set the statewide goal of maintaining debt load, as measured against student earning power at graduation. 60x30TX sets the goal to keep this ratio at 60 percent for students with debt who graduate in the state. There are several facets to this goal: (1) the role of the state, (2) the role of institutions, and (3) the role of students. While there will be variation by sector and by student, all undergraduates with student loan debt who complete a credential from a Texas public two- and/or four-year institution are included in the 60 percent calculation. This goal also includes a target to maintain no more than half of undergraduates completing their credentials with student loan debt. In 2019, 43 percent of undergraduate students completed their degrees and certificates with student loan debt. Note that the calculations for 2019 for this metric exclude parent debt but baseline percentages are unchanged to reflect targets set in the plan.

GOAL By 2030, undergraduate student loan debt will not exceed 60 percent of first-year wage for graduates of Texas public institutions.*

Student Loan Debt As a Percentage of First-Year Wage by Degree, 2017

*60x30TX Student Debt goal of 60 percent of first-year wage represents a statewide goal and is not intended to be the goal for every student, institution, or sector. Debt as a percentage of first-year wage generally increases with number of credit hours required for credential. Debt to first-year wage is calculated as a median of all undergraduate students with debt and first-year wages. It is not an average. Starting with the 2020 Almanac, parent debt is not included in debt measures.

See Sources of Data (p. 89) for baseline benchmark years.

Share of Undergraduate Students Earning a Degree or Certificate with and without Student Debt

STATEWIDE OVERVIEW

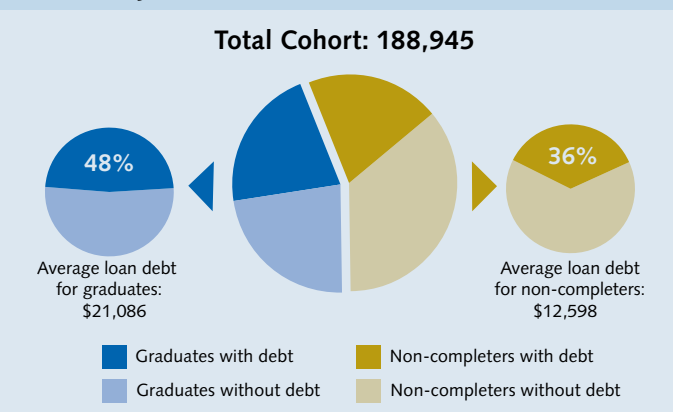

Student Debt Profile

The amount of debt a student incurs can have a lasting impact on a student's life after college. Concerns about college costs and loan debt also can affect the student's decision to attend and persist in higher education. This page features information relevant to undergraduate debt for students who attended Texas public higher education institutions. Trend lines highlight the changes in tuition and fees compared to state appropriations over time—two key factors in determining affordability. Students who borrow but who do not complete, as shown in the 2013 cohort profile, have the burden of debt without the higher earnings potential of a degree. Also, as shown at the middle of the page, the average debt (for students with debt) and percentage of students with debt at Texas public universities differs considerably across institutions.

STATEWIDE OVERVIEW

Demographics, Enrollment, and Dual Credit

These data describe characteristics of the Texas population, including racial and ethnic distribution by age. Statewide higher education enrollment data shown by race, ethnicity, and gender illustrate how changing demographics are reflected in the state's public and private postsecondary institutions. Dual credit enrollment is shown to highlight the significant growth Texas has experienced in this area over the past decade. Most of this increase in enrollment has occurred in two-year institutions.

Dual Credit Enrollment by Type of Public Institution

STATEWIDE OVERVIEW

Graduation Success by Cohort

One of the most important measures of postsecondary success is degree completion. The tables below show enrollment and graduation success for first-time college students entering Texas public universities and two-year colleges in fall 2013. The tables indicate that part-time students complete at lower rates than full-time students. In addition to the traditional graduation outcomes shown below, the bar charts at the bottom show 6- and 10-year graduation rate comparisons at universities and completion, transfer, and persistence outcomes at two-year institutions. Statewide, timely completion is on the rise as are graduation rates with both longer and shorter time horizons.

Public Universities Fall 2013 Cohort Cohort total: 75,217

Of first-time degree-seeking students who enroll	100	
	Full-time	Part-time
Enroll	96	4
Graduate in 4 years or less	35	1
Graduate in 5 to 6 years	26	1
Total graduates	61	2
Still enrolled after 6 years	8	0
No longer enrolled, no degree	27	2

Number of every 100 Texas public university students who earn a postsecondary degree within six years:

Note: Rounding may affect sum totals.

Public Two-Year Colleges Fall 2013 Cohort Cohort total: 121,027

Of first-time degree-seeking students who enroll	100	
	Full-time	Part-time
Enroll	50	50
Graduate in 3 years or less	9	5
Associate/Bachelor's	7	3
Certificate	2	1
Graduate in 4 to 6 years	10	8
Bachelor's	5	3
Associate	4	4
Certificate	1	1
Total graduates	19	13
Still enrolled after 6 years	4	4
No longer enrolled, no degree	27	34

Number of every 100 Texas public two-year college students who earn a postsecondary degree or certificate at a two- or four-year institution within six years:

16% of first-time students enrolled at a two-year college were non-degree seekers, including technical continuing education students or other enrollees.

STATEWIDE OVERVIEW

Completion of 8th Grade Cohort (2008–19)

The data on this page highlight differences in high school graduation, college enrollment, and college completion rates by gender and economic status for students enrolled in grade 8 in the 2008–09 academic year. By 2019, 23 percent received a higher education credential. One percent of these students received a certificate, 5 percent received an associate degree, and 17 percent received a bachelor's degree or higher. Male students and economically disadvantaged students graduated from public high school and completed college at lower rates than their respective counterparts. While we must continue to strengthen the pipeline from middle school to high school and to and through higher education, the students captured by the 8th grade cohort analysis represent about one-third of all the completers in 2019. Students (68 percent) follow many pathways through secondary and postsecondary education; for example, some attend private Texas high schools, some take time off before enrolling in college, some attend part time, and some complete outside of a six-year window.

Of the 270,471 students who completed undergraduate credentials in 2019, about one-third were in the 8th grade cohort.

Sources: THECB and TEA

STATEWIDE OVERVIEW

Transfer Success

Transfer rates are an important indicator of postsecondary success since more than 70 percent of all Texas students take at least one college course at a public two-year college. Some students start in high school with dual credit classes, but many students start at a two-year college after high school and then transfer to a university. Students who successfully transfer have similar graduation rates to native students.

Transfer Graduation Rate

Fall 2014 transfer cohort followed for four years. Students could have attended a two-year college any time in the six years prior to transfer.

Two-Year College Transfer by Ethnicity

Percentage of the entering students in 2013 cohort who transferred within six years

Two-Year College Transfers to University by SCH Attempted

Percentage of the entering students in 2013 cohort who transferred within six years

FY 2019 Bachelor's Graduates with SCH at a Two-Year College

Percentage of graduates by SCH taken at a two-year institution any time prior to baccalaureate graduation

STATEWIDE OVERVIEW

Developmental Education Profile

Almost 40 percent of students entering a Texas public institution do not meet one or more state college readiness standards. The majority of these students start at public community and technical colleges. Among those who are underprepared in math, reading, and/or writing, only 50–69 percent meet readiness standards within two years, and about 30–40 percent go on to complete a college-level course. With respect to completion of a degree or certificate within six years, underprepared students lag behind those who enter college ready in all subject areas. Fortunately, with developmental education reform efforts firmly in place, the outcomes for underprepared students have been improving steadily over the past five years, and more progress is expected given the fall 2018 implementation of co-requisite models statewide.

38.4% of first-time students entering higher education are NOT college ready.

Percentage of Students in All Grades Who Took ACT/SAT and Met National Readiness Benchmarks

Sources: ACT, The College Board; SAT readiness benchmarks not available for 2015. SAT made changes in format and scoring in 2016.

College Readiness of First-Time Entering Students, by Higher Education Sector

"Other" includes students without information regarding their academic readiness (Cert 1, military exemption, etc.).

Entering Students Who Met College Readiness Standards

Data are for two-year students. The decrease in college readiness from 2014 to 2015 may be related to a change in high school testing policy; specifically, the exit-level TAKS test, which could be used to show college readiness, is no longer available.

Students Who Were Not College Ready but Met Readiness Standards within Two Years, by Subject

Students Who Were Not College Ready but Completed First College-Level Course within Two Years, by Subject

Student Completion within Six Years of College Entry, by College Readiness

Cohort tracked 6 years for completion of degree.

INSTITUTIONAL PROFILES

Texas Four-Year Public Institutions

The following pages have individual profiles of the 37 public four-year institutions in Texas, including information on enrollment, demographics, graduation rates, student debt, post-graduation status, and faculty. This page includes the statewide data profile for four-year public institutions followed by a statewide financial profile. For explanation of specific terms or abbreviations, please refer to pp. 3–5.

Statewide Four-Year Public Institutions

Total Enrollment: 657,985

Average Tuition & Fees: **\$9,502**

TOP FIVE UG MAJORS
(total FY 2019 degrees awarded)

1. Business, Management, Marketing, and Related Support Services (20,620)
2. Health Professions and Related Programs (11,559)
3. Multi/Interdisciplinary Studies (11,159)
4. Engineering (9,195)
5. Biological and Biomedical Sciences (7,073)

PERCENT STUDENT POPULATION BY RACE/ETHNICITY

UG GRADUATION RATES

	Full-time	Part-time
4-year	40.1%	26.2%
6-year	63.6%	53.6%
10-year	67.1%	44.4%

DEBT OF GRADUATES

% students with debt	57.7%
Average student debt	\$25,374
Native student debt	\$25,635
Transfer student debt	\$24,944

UG STUDENT CHARACTERISTICS

Applications	374,840
Applicants	209,148
% of applicants accepted	69.8%
FTIC in top 10%	27.8%
% enroll. change 2014–19	9.0%
% part-time	22.7%
% full-time	77.3%
% receiving Pell Grants	39.2%

DEGREES AWARDED

Total degrees awarded	160,744
Associate	37
Bachelor's	114,292
Master's	40,602
Doctoral – Research	3,841
Doctoral – Professional	1,972

COMPLETION MEASURES

Average time to bachelor's degree (yrs)	4.7
Average SCH to degree	135
% bachelor's degrees awarded to at-risk students	61.6%

GRADUATES' STATUS

% employed and/or enrolled	74.8%
Graduates as % of total FTSE enrollment	25.2%

TRANSFER STUDENTS

Graduation rate for 2-year transfers, FY 2019	60.1%
% of graduates completing 30 SCH or more at 2-yr colleges	33.9%

FACULTY

Total faculty	30,599
Tenured/tenure track	14,849
% tenured/tenure track	48.5%
Student-faculty ratio	22:1

AVERAGE REVENUE PER FTSE

State-funded FTSE	\$551,456
Total revenue	\$25,160
Tuition/fees	\$8,059
State revenue	\$8,124
Federal revenue	\$3,965
Institution revenue	\$5,012

AVERAGE USES OF FUNDS PER FTSE

Total	\$21,254
Instruction, research, and academic support	\$13,209
Student services and scholarships	\$3,320
Institutional support and OM of plant	\$3,727
Other	\$998

RESEARCH EXPENDITURES

Total research exp.	\$2,518,425,364
Fed. + priv. research exp. per T/TT FTE faculty	\$111,566

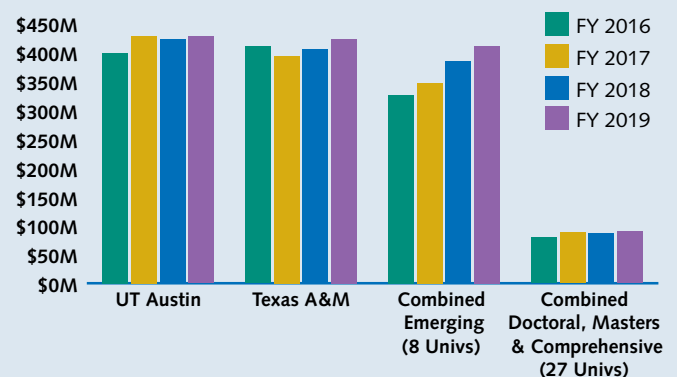

Financial Information for Four-Year Public Institutions

Sources of Data

National Context Data

ACT test scores are from ACT®, 2019 ACT National and State Scores, Average Scores by State, at <https://www.act.org/content/dam/act/secured/documents/cccr-2019/National-CCCR-2019.pdf>.

Educational appropriations per FTE are from the State Higher Education Executive Officers State Higher Education Finance survey for FY 2018, at https://shef.sheeo.org/wp-content/uploads/2020/04/SHEEO_SHEF_FY18_Report.pdf.

Educational attainment data for ages 25–34 are from the U.S. Census Bureau and were tabulated using the Public Use Microdata Sample files at www.census.gov/programs-surveys/acs/data/pums.html.

Faculty salaries are for 2016–17, are average salaries of full-time faculty members on 9- or 10-month contracts, and are from the U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System, in the 2018 Digest of Education Statistics, Table 316.40, at https://nces.ed.gov/programs/digest/d18/tables/dt18_316.40.asp.

Federally financed academic research and development obligations data are from the National Science Foundation WebCASPAR database, Survey of Federal Science and Engineering Support to Universities, Colleges, and Nonprofit Institutions, FY 2017, at <https://ncesdata.nsf.gov/fedsupport/2017/>.

Graduation rates for FY 2017 are from *The Chronicle of Higher Education, Almanac Issue, 2019–20*, at <https://www.chronicle.com/package/the-almanac-of-higher-education-2019-20/> (which uses Integrated Postsecondary Education Data System data). Figures show the

proportion of first-time, full-time, degree-seeking undergraduates who entered degree-granting four-year institutions in fall 2011 and graduated within six years.

Median household income data are from the U.S. Census Bureau using the 2018 American Community Survey 1-Year Estimates, Median Income in the Past 12 Months, report S1903, at <https://bit.ly/2EVbHpJ>.

SAT test scores for 2019 are from The College Board at <https://reports.collegeboard.org/sat-suite-program-results>.

Tuition and fees data for 2017–18 are from the U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System, in the 2018 Digest of Education Statistics, Table 330.20, at https://nces.ed.gov/programs/digest/d18/tables/dt18_330.20.asp?current=yes. Figures show average undergraduate tuition and fees charged for full-time students in degree-granting institutions. Tuition and fees for public institutions represent charges to state residents.

Statewide Overview Data

Statewide and regional data for educational attainment for ages 25–34 are from the U.S. Census Bureau, 2018 American Community Survey 1-Year estimates from Public Use Microdata Sample files, at <https://www.census.gov/programs-surveys/acs/data/pums.html>.

Texas population data for 2019 are from the Texas State Data Center, TXSDC Projections of the Population of Texas and Counties in Texas by Age, Sex and Race/Ethnicity for 2010–2050, at <https://demographics.texas.gov/Data/TPEPP/Projections/>.

U.S. population data for 2019 are from the U.S. Census Bureau's annual population estimates program, at <https://www.census.gov/quickfacts/fact/table/US/PST045217?#>.

Unemployment insurance wage data are provided by the Texas Workforce Commission.

Baseline Data for 60x30TX

Baseline benchmarks use 2015 data when possible; otherwise, most recent data available are used: 60x30 Educated Population (2014), Completion (2015), High School Graduates Enrolling in Higher Education (2015), Working or Enrolled One Year After Graduation (2014), Student Loan Debt As a Percentage of First-Year Wage (2013), Percent Completing with Debt (2015), Time and Credits to Complete a Degree (2015).

Marketable skills data on process identification and implementation are based on institutional self-reporting.

Other THECB Data

Dual credit data are available at <http://www.txhighereddata.org/index.cfm?objectId=AEE9A640-D971-11E8-BB650050560100A9>.

Revenues per full-time student equivalents (FTSE) and uses per FTSE data come from THECB's Sources and Uses publication, at <http://www.thecb.state.tx.us/reports/PDF/12203.PDF?CFID=94237961&CFTOKEN=98264509>.

For a list of higher education institutions in Texas, see <http://www.txhighereddata.org/Interactive/Institutions.cfm>.
